Property Owner: Carlos Aguirre
Applicant: Carlos Aguirre
Representative: Rey Engineering

SURROUNDING ZONING AND LAND USE

North: R-2 / Single Family Residential
South: R-3 / Single Family Residential
East: C-1 / Commercial Development
West: R-3 / Single Family Residential

PLAN EL PASO DESIGNATION: G3 Post War

APPLICATION DESCRIPTION

****NOTE:** Purpose of this second review by the City Plan Commission is due to revised park fees. The applicant is eligible for a 50% reduction as this meets the criteria in Section 19.26.020. E (Infill Development).

The applicant proposes to subdivide 4.9 acres of land for 1 commercial lot. On-site ponding is proposed. Access to the subdivision is proposed from North Loop. Recently, additional right-of-way on of North Loop was acquired by TxDOT and improvements were made including a space for a future bike lane. Consequently, the applicant has submitted a waiver for additional roadway improvements to North Loop.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee recommends **approval** of the waiver and of Temple of Divine Restoration Subdivision on a Major Combination basis, subject to the following conditions and requirements.

Planning Division Recommendation:

Planning does not object to the waiver as it complies with Section 19.10.050.A (Roadway participation policies – Improvement of adjacent (perimeter) road and utilities) and recommends **approval**.

Planning Transportation:

- All driveways shall comply with Section 19.17 – (Driveways).

Note:

- All proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) located within public rights-of-way shall be constructed in compliance with the current ADA/TAS regulations and City Design Standards for construction.

City Development Department - Land Development

We have reviewed subject plan recommend **Approval**; Developer/Engineer needs to address the following comments:

1. No Objection.

EPWU Storm Utility Comments:

Temple of Divine Restoration – Revised Major Combination

1. EPWU recommends using principles of low impact development (such as recessed landscaping, rainwater harvesting, and porous pavements) to reduce the amount of developed stormwater runoff.

El Paso Department of Transportation

No comments received.

Parks and Recreation Department

We have reviewed Temple of Divine Restoration, a revised major combination plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is zoned "C-1" thus meeting the requirements for multi-family dwellings use restricted to a maximum of 29 dwelling units per acre, however, applicant is proposing a church on this parcel of land which use will be considered as a Non-residential Subdivision.

Also, please note that this plat application meets at least two of the requirements as described in Section 19.20.020.E (Infill Development) which was amended by ordinance on June 17, 2014 qualifying for a 50% reduction of the "Park fees" therefore, "Park fees" will be assessed based on the following:

1. If gross density waiver is granted by the Planning Department or designee and covenants are provided restricting all residential uses, then applicant shall be required to pay "Park fees" in the amount of \$2,475.00 based on Non-residential subdivisions requirements calculated as follows:

Non-residential acreage 4.95 (rounded to two decimals) @ \$1,000.00 per acre = \$4,950.00

Less 50% reduction in fees per Section 19.20.020.E (Infill Development) = \$2,475.00

Total Park Fees Due: \$2,475.00

Please allocate generated funds under Park Zone: MV-1

Nearest Parks: Carolina & Stiles

If density /acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

We have reviewed Temple of Divine Restoration, a revised major combination plat map and offer Developer / Engineer the following comments:

Please note that this subdivision is zoned "C-1" thus meeting the requirements for multi-family dwellings use restricted to a maximum of 29 dwelling units per acre, therefore, park fees will be assessed based on the following:

1. ~~If gross density waiver is granted by the Planning Department or designee and covenants are provided restricting all residential uses, then applicant shall be required to pay "Park fees" in the amount of \$4,950.00 based on Non-residential subdivisions requirements calculated as follows:~~

~~Non residential acreage 4.95 (rounded to two decimals) @ \$1,000.00 per acre = \$4,950.00~~

2. ~~If subdivider fails to provide proof of the gross density waiver with the filing of the final plat, then "Park fees" will be assessed based on Residential subdivisions with a multi-family dwellings use restricted to a maximum of 29 dwelling units per acre, therefore, "Park fees" shall be required to be paid in the amount of \$97,240.00 calculated as follows:~~

~~Subdivision acreage 4.9478 @ maximum 29 units per acre = 143.47 dwellings~~

~~143 dwellings @ \$680.00 per dwelling = \$97,240.00~~

Please allocate generated funds under Park Zone: MV-1

Nearest Parks: Carolina & Stiles

If density /acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

El Paso Water Utilities

1. EPWU does not object to this request

Water:

2. There is an existing 16-inch diameter water main along the western side of North Loop Drive. No direct service connections are allowed to this main as per the El Paso Water Utilities – Public Service Board Rules and Regulations. There is an existing 12-inch diameter water main along

the eastern side of North Loop Drive that connects to the above mentioned 16-inch water main just south of the Mesa Drain. An extension of a lesser diameter water main will be required to connect the proposed water meter(s) to serve the property.

3. Previous water pressure readings from fire hydrant #9077 located at 7588 North Loop Drive have yielded a static pressure of 104 Pounds per square inch (psi), a residual pressure of 90 (psi), and a discharge of 1,501 gallons per minute.

4 The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

Sewer:

5. There is an existing 8-inch diameter sewer main along the south side of the Mesa Drain. This main continues south along North Loop fronting the subject property.

General:

6. North Loop Drive is a Texas Department of Transportation (TXDOT) right-of-way. All proposed water and sanitary sewer work to be performed within North Loop Drive right-of-way requires a utility permit from TXDOT.

7. EPWU requires a new service application to provide service to the property. New service applications should be made 6-8 weeks in advance of construction to ensure water for construction work. The following items, if applicable, are required at the time of application: (1) hard copy of site plan with street names and addresses; (2) finalized set of improvement plans, including grading plans; (3) digital copy of site plan; (4) benchmark check; (5) construction schedule; and (6) a certificate of compliance. Service will be provided in accordance with the current El Paso Water Utilities – Public Service Board (EPWU-PSB) Rules and Regulations. The owner is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

El Paso Fire Department

No comments received.

Sun Metro

Sun Metro recommends the placement of sidewalks and ADA compliant improvements throughout the development to City standards to provide pedestrian connectivity to mass transit services.

911

No comments received.

Central Appraisal District

No comments received.

El Paso Electric Company

No comments received.

Texas Gas Company

No comments received.

Additional Requirements and General Comments:

1. Submit to the City Development Department – Planning Division the following prior to recording of the subdivision.
 - a. Current certified tax certificate(s)
 - b. Current proof of ownership
 - c. Release of access document, if applicable
 - d. Set of restrictive covenants, if applicable
2. Every subdivision shall provide for postal delivery service. The subdivider shall coordinate the installation and construction with the United States Postal Service in determining the type of delivery service for the proposed subdivision. In all cases, the type and location of delivery service shall be subject to the approval of the United States Postal Service.
